

## Electrical, Utilities and Public Administration Training Council Inc

### **Security Installation Training Package - PRS03**

#### Overview

The redevelopment of the PRS03 Asset Security Training Package into the new Security sector in CPP07 Property Services Training Package has been completed. The following industry sectors are covered:

- security operations
- investigative services
- security and risk management
- biometrics
- technical security

The documentation for the redeveloped Security sector units of competency and qualifications were lodged with the Department of Education, Science and Training (DEST) in September 2007. The draft Training Package has been through the State and Territory Training Authorities Evaluation Teleconference. The endorsement submission is proceeding to the National Quality Council.

#### Registered Training Organisations

The Registered Training Organisation (RTO), e.g. TAFE institutions, universities with TAFE sectors, Skills Centres and similar enterprises that have registered to deliver vocational training for the given qualification in the National Generation Training Package.

RTOs currently registered in Western Australia can be found on the NTIS website:
